9-10
2025**

10TH YEAR ANNIVERSARY OF IQN PATH

13TH MEETING ON EXTERNAL QUALITY ASSESSMENT IN MOLECULAR PATHOLOGY

NAPLES

Hotel Royal Continental Napoli

PROGRAM

FRIDAY, MAY 09, 2025

09:00	Welcome and opening Nicola Normanno, Massimo Di Maio
09:30 - 11:30	Global access to biomarker testing and precision oncology Chairs: Nicola Normanno, Peter Schirmacher
09:30	The expanding landscape of biomarker testing for precision oncology (<i>Peter Schirmacher</i>)
09:45	The patients' perspective (<i>Warnyta Minnaard</i>)
10:00	Experiences from All. Can and C.Can on the implementation process on a global scale (<i>Ebba Hallersjo-Hult, Diogo de Sousa Nieves</i>)
10:45	Policy development to integrate personalized medicine into European healthcare (<i>Denis Horgan</i>)
11:00	Adoption of Cancer Omics and Precision Oncology in the patient's journey: an update (<i>Nicola Normanno</i>)
11:15	Panel discussion
11:30 - 12:00	Coffee break
12:00 - 13:30	IQN Path ongoing projects: an update Chairs: Sandi Deans, Simon Patton
12:00	Pilot EQA scheme for fusion gene testing (<i>Rachel Taylor</i>)
12:15	On-line Training and Education Portal for HER2-Low Scoring in Breast Cancer (<i>Andrew Dodson</i>)
12:30	Molecular Tumor Boards (<i>Francesca Fenizia</i>)
12:45	Pilot EQA scheme for HRD testing (<i>Arfa Maqsood</i>)
13:00	Results from a pilot EQA for liquid biopsy testing for multiple markers (<i>Jenni Farley</i>)
13:15	Panel discussion
13:30 - 14:30	Lunch
14:30 - 15:30	New IHC biomarkers for precision oncology Chairs: Irena Srebotnik-Kirbis, Andrew Dodson
14:30	HER2-Low and HER2-Ultra low; Analytical Sensitivity of IHC Assays and How It Impacts Diagnostic Accuracy of the ASCO/CAP Cutoffs (<i>Emina Torlakovic</i>)

14:45	Biomarker testing in cytology (<i>Irena Srebotnik-Kirbis</i>)
15:00	FGFR2b in gastric cancer (<i>Matteo Fassan</i>)
15:15	Panel discussion
15:30 - 16:30	New technologies IQN Path corporate members are invited to present new technologies/assays. Chair: Etienne Rouleau
16:30 - 17:00	Tea break
17:00 - 18:15	General Meeting of IQN Path <i>All IQN Path Academic and Corporate Members are invited to participate.</i>

SATURDAY, MAY 10, 2025

09:30 - 10:30	Computational pathology and artificial intelligence in the diagnostic pathway Chair: Xavier Matias-Guiu
09:30	AI and Clinical Trials (<i>Gennaro Daniele</i>)
09:45	Proficiency testing applied to digital pathology (<i>Lorren Mitchell</i>)
10:00	Artificial intelligence in precision oncology (<i>Antonio Marra</i>)
10:15	Panel discussion
10:30 - 11:00	Coffee break
11:00 - 12:30	New projects proposals Chair: Emina Torlakovic
11:00	EQAMET (<i>Paul Hofman</i>)
11:15	Analysis of the performance of Mismatch repair deficiency/Microsatellite Instability (MMRd/MSI) in Pathology (<i>Xavier Matias-Guiu</i>)
11:30	IQN Path new projects proposal
12:30 - 14:00	Lunch
14:00 - 14:30	Meeting closure
